2014-2017	<b>Mwaya Secondary School</b> Certificate of Secondary Education (CSEE)
2007-2013	<b>Mwaya Primary School</b> Certificate of Primary Education (CPE)

### PROJECTS

#### Kyela Districts grievance System

Final Year Project Developed the Kyela District Grievances System. The Kyela District of Kyela District to file and track their grievances, complaints, and feedback related to public services and issues in the district, such as infrastructures, educations, health and security. This system allows local residents to submit their concerns online, ensuring that their voices are heard. Grievances System is a platform designed to provide a transparent and efficient way for citizens and that there is a clear process for addressing and resolving these issues.

#### Online Shopping System

A comprehensive e-commerce platform that allows users to browse products, add items to their cart, make secure payments, and track shipments, all within an intuitive user interface.

#### Student Studying Portal

An online portal designed to help students manage their study materials, track progress, access resources, and connect with peers and instructors for a seamless learning experience.

#### Donation and Volunteer System

A platform that connects donors and volunteers with various charitable organizations. It allows users to donate items or money, volunteer for events, and track their contributions in real-time.

#### Customer Relationship Management (CRM) application

A tool designed to help businesses manage their interactions with customers, streamline processes, and improve profitability. The goal of a CRM application is to enhance the relationship between a company and its clients by organizing, automating, and synchronizing various business functions such as sales, marketing, customer service, and support.
